

# 10 reasons to trust Women's Health Dexeus

1 

## Our success rates speak for themselves

About 25% of our patients arrive from previous failed attempts in other centres. Nevertheless **our success rates are around a 60% in the first attempt and around 80% in cumulative rate.**

2 

## Experience gives the best results

With more than 50 years experience, we are pioneers in Spain in Reproduction Medicine. Moreover, we have **one of the most important in vitro Fecundation laboratories in Europe**, which performs more than 3000 IVF cycles per year.

3 

## The only surprise you'll get will be your pregnancy

Comparing alternatives, it's important to verify what these include or not. In Woman's Health Dexeus **we offer you a fixed price**, which includes donor's medication and whatever involved in the treatment.

4 

## We guarantee the safety you're looking for

You'll be in good hands and in **a first level hospital setting** that guarantees you the best medical care and a 24/24h emergency service.

5 

## Quality guarantee

Our egg donation program guarantees a **very strict donors' selection**: they undergo the most complete health and genetic screening of the market, in order to reduce the risk of genetic diseases transmission.

6 

## The best technology to improve the results

We offer you the **last technological advances**, as the Embryoscope or ICSI, which place our success rates among the highest Europe-wide.

7 

## Optimizing timing and moving

As well as your safety, your time and comfort are really important to us. That's why **we integrate in a single centre the whole process** of diagnosis, treatments, consultations and interventions.

8 

## Facing sterility, it's fundamental a fast intervention

At Woman's Health Dexeus **there's no waiting list**. You'll start your treatment as soon as you decide to.

9 

## We feel with you and take care of you throughout the whole process

We have several additional services, as acupuncture treatment, which can **help you throughout the process**.

10 

## We understand you and help you in your language

We know how important a fluent communication with the medical staff is for you, **in the language you feel more comfortable with**. With us you can speak Spanish, Catalan, English, French, Italian, German and Russian.
