

No matter where you are, you have got your personal space in here.

Welcome to your Patient Area, your own online space that you can visit no matter where you are and from any device. Besides taking care of your health and support you through all stages of your life, at Dexeus Mujer we want you to enjoy the convenience of having your own space.

What benefits do you get?

From you Patient Area you can:

Check your medical file

Check and download your exams and ultrasounds

Reproduction treatment follow-up

Look up your appointments' agenda

Request certificates and medical reports

Request an appointment

See what exams you are requested to do

Look for your specialist doctor

And so much more!

Ask for you access keys at the **International Patient Care Service** and start enjoying the benefits of your own virtual space.

- **Accessibility:** all the information you need, no matter where you are and from any device (computer, tablet, smartphone) 24 hours a day.
- **Convenience:** manage your agenda and medical appointments whenever you need it.
- **Safety:** maximum confidentiality by data processing.
